Residents Prompt Truck Parking Restrictions in Fontana

SAN BERNARDINO – In response to resident concerns, the Board of Supervisors approved commercial vehicle parking restrictions on three streets in unincorporated Fontana on Tuesday.

Residents contacted Chairman Paul Biane's office and the Department of Public Works Traffic Division to express concerns about numerous commercial vehicles parked on residential portions of Arrow Route, Canellia Drive, and Dancove Avenue. Officials investigated and determined the areas are residential and that truck parking on the streets is not warranted at any time.

"Residents said they felt like they were being squeezed off their roads by all of these large commercial vehicles," said Biane, who represents unincorporated Fontana as the County's Second District Supervisor. "My office is also working with the California Highway Patrol to ensure that these and other parking restrictions in unincorporated areas are enforced."

Commercial vehicles over 10,000 pounds will be prohibited from parking on Arrow Route between Calabash and Banana avenues. On Dancove Avenue and Canellia Drive, trucks will be prohibited from parking on both sides of the street. Public Works will post no-parking signs on the roads in about two weeks.
